A UNIQUE LOCATION FOR YOUR EVENT

Meet at a unique location in Amsterdam, where inspiration and experience come together. At Highlights of Holland, you combine an effective meeting with an interactive experience and a relaxed drink in our café. Ideal for presentations, brainstorm sessions, team days, and events.

Highlights of Holland is an interactive museum where you take a surprising journey through Dutch culture and history. Experience is central: guests literally step into the feeling of the Netherlands.

In just over an hour, you walk through ten themed rooms, each an attraction in its own right. There is the water room, where a virtual canal cruise boat spectacularly visualizes centuries of struggle against water. In the art room, you step into the Golden Age, where masterpieces from Rembrandt to Van Gogh come to life. And as the highlight, the tulip room awaits: a dreamy, almost surreal experience with gigantic tulips reaching heights of up to 3.5 meters.

EXPERIENCE AND MEETINGS UNDER ONE ROOF

At Highlights of Holland, we believe a good meeting is more than just sitting around a table together. It's about inspiration, energy, and stepping away from the daily routine.

We offer companies, teams, and organizations the opportunity to discover our location, experience the atmosphere, and see how well meetings and experiences can complement each other.

Not a standard meeting venue, but a unique environment where focus and relaxation reinforce one another.

In addition to visiting our special museum, we offer various spaces for every occasion — from an effective boardroom meeting to an informal networking drink afterward. Everything is possible, all under one roof.
